Derby delights drivers, crowd

For the third winter in a row, the streets of Minden resounded with the sounds of dogs as the community hosted the annual Minden Sled Dog Derby, Techni-Cal Challenge. And for another year, the citizens of the community, surrounding area and southern Ontario took the excitement of the sport to their hearts.

It was an exciting, fun-filled weekend which featured some of the top racers in sled dog competitions in North America and one of the largest purses offered for four and eight dog competition.

The quality of the teams is reflected in the fact that two drivers placed in the top three positions in both the four and eight dog class. One outstanding competitor, Terri Killam, from Northboro, Massachusetts, placed first in the eight dog competition to claim the top \$1000 prize and was second in the four dog race to add \$400 to her weekend winnings.

Terri shaved more than five and a half minutes off the course time set last year by Leigh Gilchrist of Brechin. Terri paced her team through the two demanding eight mile circuits in 59 minutes and 57 seconds. She managed the excellent race time despite a particularly heavy course on Saturday which severely tested the stamina of both drivers and dogs.

Two drivers from Quebec claimed the second and third positions in the eight dog race this year, leaving only two seconds between them after the times for the two days of racing were tabulated.

Jean Boissoneault of Sainte-Emile, Quebec, claimed the \$700 second place, eight dog purse with a time of 61:07, while Paul Emile Levesque, also of Quebec was third with a time of 61:09. His prize was \$500.

A familiar name in sled dog racing, Sue Bain from Everett, Ontario, again appeared at the top of the list of four dog competitors. With a total time of 33:47 for the two heats of four miles each, she claimed the \$600 in prize money. Her time compares favourably with

Claude Bergeron, 60, and his dog team race through the final leg of the third annual Minden Sled Dog Derby, the Techni-Cal Challenge,

last weekend. Mushers came from as far afield as Yellowknife, N.W.T., British Columbia, Quebec and the U.S.A.

her first place finish from last year's race at 33:25.

Second place in the four dog competition went to Terri Killam with a time of 34:23. The third spot was taken by Jean Boissoneault at 34:52, his prize was \$200.

All of the top three finishers in both divisions also received a bag of dog food donated by the races' major sponsor, Martin Feed Mills of Elmira, and, to help with their victory celebration, a bottle of imported champagne donated by Sainsbury and Company Limited of Toronto.

The race was the most successful of the events held during the past three years, drawing 44 teams for the four dog competition and 37 in the eight dog class. Organizers Val and Steve Loughheed were particularly impressed with the quality of the teams in attendance. "To most people, these individuals are just dog racers, but to those who know the sport, many of the participants represent the best of North American sled dog racing," Val said. "I'm

Resort proposed for Queen's Line

Minden resident Joe Warder and three Ottawa companies are jointly planning a major new resort for the municipalities of Anson, Hindon and Minden and Stanhope. To be built on property along the Bobcaygeon Road between the Queen's Line and Lake Kushog, the resort - when completed - will include: a lodge, horse stables and riding trails, an arena, an archery range, trout pond, and a waterfront recreation area on Lake Kushog.

The project will cost about ten million dollars over the next three to five years. According to the current plan it will be finished in 1991.

Warder, of Beau Valley Farms and representatives of the three Ottawa development and financial companies, Kalar Industries Inc. Real Property Investments and Management Ltd., and Chaimberlain Associates Inc., met Anson, Hindon and Minden council last Thursday to request

approval for the scheme.

Council expressed enthusiasm but asked for a detailed plan of the proposed resort before it makes a decision.

Ian Young, president of

Kalar Industries, said that a plan would be prepared before the end of January.

In his presentation to council, Young said that if the project goes through, it would create as many as one

hundred full-time jobs and would also be a big boost for the local economy.

Warder, who owns Beau Valley Farms on the Queen's Line Road, explained in an interview that he has been planning for some time to expand his riding stable business. He went to the three Ottawa companies last summer to get the necessary financial backing and know-how.

"We're aiming to build a resort that will attract middle-income earners, especially families but singles as well," Warder said. "People need a reason to go to a place these days, they don't want to be active."

The planned resort will offer a wide variety of activities and will not focus on one particular attraction.

Warder went to Ottawa at first with the idea of looking for help to upgrade and expand his horse riding business. The plan to build the ten million dollar resort

(more on page 2)

Joe Warder has presented a proposal for a major tourism complex.

Development could provide area with one hundred jobs

(from page 1)

developed from there.

Once council has approved the plan and granted necessary zoning changes (the land being considered for the resort is at present zoned only for rural development), work would begin on raising money for the project, Ian Young said in an interview.

Young said it would cost "at least ten million dollars - certainly no less."

He explained that the companies involved would put up a certain amount of "seed capital" but that most of the money would be raised by setting up a Small Business Development Corporation to attract investors.

Kalar Industries is a business consulting and planning company specializing in corporate start-ups and expansions. RPIM, or Real Property Investments and Management Ltd., is a real estate development company. Chaimberlain Associates is a project and corporate finance company. All three companies were incorporated since 1982.

At present the resort is still in the early planning stages. The land has yet to be bought, options to purchase the property have been

acquired and the ground plan of the buildings and activity areas has not been completed.

The properties being considered for the resort include Warder's own, about 90 acres on the Queen's Line Road, the Anson Hunt Club property on the Bobcaygeon Road, the Ackerblade property adjoining Beau Valley Farm and the Harrison property on Lake Kushog. Altogether it is about 1000 acres.

The construction plan is divided into three stages. The first stage calls for the upgrading of existing Beau Valley facilities, construction of a reception building, a lodge, and access roads, and the digging of a trout pond.

The second stage will centre on the waterfront development on Lake Kushog.

The third stage includes construction of a number of chalets to be sold into private ownership.

Haliburton County's newest resident is admired by parents Michelle and Greg Hackson. The baby boy, yet to be named, was born January 11 at 11:43 p.m., the first baby of the new year born in Haliburton Hospital.

Dorset acid rain report

The following is the report on precipitation events at the Ministry of Environment acid rain testing station in Dorset, compiled by Environment Canada. The report covers the period from December 28 to January 10. Only three events were report in that time period.

- on January 6, one centimetre of snow fell with a pH of 3.8. The precipitation was traced from eastern Ontario, New York State and southern Ontario.

- on January 8, three cm of snow, pH 4.3, from northwestern Ontario, Lake Superior and Lake Huron.

- on January 10, four cm of snow, pH 4.3, from Ohio, New York and eastern Ontario.

Environmental damage is usually observed in sensitive areas regularly receiving precipitation with pH less than 4.7. Readings of 4.0 pH or less are considered dangerous. The lower the reading, the more acidic the precipitation.

County sets committee memberships

One of the first orders of business for the Haliburton County Council when it gathered for its inaugural meeting in December was the selection of committee members for the coming year. The steering committee, which included Anson, Hindon and Minden Reeve Sinc Nesbitt, Sherborne et al Reeve Dalton MacDonald, Stanhope Reeve Harry Davis, Bicroft Reeve Bill Howe, Snowdon Reeve Bob Vick, Monmouth Reeve Keith Tallman and Dysart Reeve and 1987 Warden Murray Fearrey, met prior to the regular session of the council to draft the committee memberships. The following committees

were accepted by the council.

Management and personnel: Sinc Nesbitt, Keith Tallman, Bill Valentine (Lutterworth), Dalton MacDonald, Harry Davis, Bob Vick and Bill Howe.

Finance and correspondence: Don Shortreed (Sherborne et al), Elvin Johnson (Stanhope) and Mack Peters (Cardiff).

Roads and property: (Terms as set by bylaw expiring December 31 in year indicated): Sinc Nesbitt (1990), Dalton MacDonald (1989), Harry Davis (1987), Bill Howe (1991) and Keith Tallman (1988).

Hyland Crest Committee of Management: Bob Vick, Bob McCausland (Glam-

organ - Harry Davis will fill in while McCausland recuperates), Mack Peters, Bern Berry (Anson, Hindon and Minden), Bill Davis (Dysart et al.).

Haliburton County Library Board: Jane Franklin (Glamorgan), Bill Valentine, Elvin Johnson. Non-council appointments:

Holly Sisson (Dysart), Marilyn Stouffer (Stanhope) and Lynn Raback (Minden).

Chamber of Commerce: Carol Puffer (Lutterworth). Children's Aid Society: Bern Berry.

Health: Keith Tallman. Planning Committee: All

Reeves of municipalities. Environmental Management Committee: Don Shortreed, Bill Davis and Mack Peters.

Sir Sandford Liason Committee: Carol Puffer. Social Services Committee: Harry Davis, Jane Franklin and Sinc Nesbitt.

Strike could hurt ambulance service

Ambulance drivers in Beaverton and Fenelon Falls are threatening to go on strike January 30 and the Minden ambulance service will be affected, Minden ambulance supervisor Rob Luke said.

"Our drivers will have to pick up the slack if the strike goes through," Luke said in an interview. "It means we'll be responding to emergencies in Fenelon Falls and Beaverton when we should be taking care of our own area."

The Minden service is responsible for western Haliburton and northern Victoria counties, an area that borders on the regions covered by the two striking services.

Luke said that if the strike takes place, one result would be that ambulances would take longer to respond to emergencies in the Minden area. "We would likely only go to the worst emergencies in Fenelon and Beaverton, but that still means we could be caught short staffed in our own region," he explained.

The strike is the result of a

pay dispute between the Ambulance Operators' Association and the provincial Ministry of Health, which is the primary source of funding for ambulance services in Ontario.

The ministry directly employs ambulance drivers in most major cities and also funds ambulance services employed by private operators and municipalities. Drivers belonging to the latter group say that though they do the same job as the ministry drivers, they are paid considerably less.

Earlier this year the ministry gave its own drivers a 15 per cent pay increase over the next two years, but allowed the other drivers only an eight per cent increase over the same period.

The Minden ambulance service may be asked by the association to work to rule, but "if we're covering two other regions that have already struck, it'll have the same effect," Luke said. "We won't have the wherewithal to worry about working to rule."

Wintario returns to county

For the second time in less than a year, the Wintario Lottery television show is coming to Haliburton County.

This time the show will take place in the Village of Haliburton under the joint sponsorship of the community's Rotary Club and Branch 129 of the Royal Canadian Legion. The show takes place this Thursday evening.

According to the event co-ordinator Bob Nicholls, the show is one of the hottest tickets in the community. He said there were approximately 450 seats available in the auditorium of the J.D. Hodgson Elementary School and many of those have been sold in advance. "We still have some tickets available for sale at the door, but individuals should arrive early if they want to be assured of a seat," Nicholls commented.

The doors to the school will open at 6 p.m., with the pre-television show beginning at 7 p.m. The actual broadcast of the lottery draw begins at 8:30 p.m.

A number of local artistes will be featured during the show leading up to the telecast. Included in the line-up are the Haliburton Guild of Fine Arts Choral Group, country and western singer Joe Nicholson, and the musical trio Melissa Stephens, John Millar and Nancy Robichaud. The master of ceremonies for the show will be Gerry Irish.

The co-ordinator noted that the two organizations combined their efforts to promote the Wintario broadcast to give their community exposure across the province.

Admission for the evening is \$3 which includes a Wintario ticket so spectators can play along with the lottery game. For those who can't get out to see the show in person, the Wintario draw is shown on Global Television Thursday evening at 8:30.

Pat yourself on the back

The spirit of community involvement was amply evident this past weekend when individuals from throughout the area came forward to ensure the success of the third annual Minden Sled Dog Derby, the Techni-Cal Challenge. Citizens representing various clubs and organizations as well as many others, freely offered their time to help the organizers show the more than 80 teams that this community could do it. That spirit was perhaps most evident Saturday afternoon when a call for additional help was broadcast over the portable speaker system. The need was quickly met and surpassed as enthusiastic spectators offered their assistance.

While the Main Street was the focus for most spectators, volunteers could be found at crucial points along the trail, far from the centre of action, but nonetheless vital to the successful running of the derby. These individuals in particular deserve a vote of appreciation for their efforts. As noted in a quote lifted from a Toronto Star report of the races, "Some (of the volunteers) have been standing for hours at a time with not even a coffee to keep them warm. They knock themselves out so we can race. That's dedication." The comments were those of a racer from Quebec who was obviously impressed with what our community has to offer.

It would be unfair to single any one group or individual as it was the combined effort of everyone which has turned the Minden Sled Derby, the Techni-Cal Challenge, into an event of international status.

Congratulations Minden, you've done it again.

Taking a break.

For the dogs

- by Arthur Black -

"Public opinion polls? I pay no attention to them. You know what dogs do to poles."
John G. Diefenbaker

Well, The Chief and I part company there, I reckon. I follow the public opinion polls religiously — be they Gallup, Goldfarb, Decima or Straw. I also keep an eye on censuses, enumerations, canvasses and surveys. That's why I particularly enjoy these first few weeks of a brand new year because that's when the head-counters and entrail-readers flood the market with all the data they've compiled over the previous 12 months, concerning the foibles and frailties of Homo Erectus.

Day after day my mailbox groans and sags under the burden of surveys taken by everyone from the U.S. Census Bureau through Statistics Canada all the way down to an 805-page opus from the Ontario Treasurer's Office. The latter calls itself "Ontario Statistics, 1986". I call it "Trivial Pursuit: Central Canada Edition."

Why would anyone this side of a desperate furnace stoker allow such drivel onto his desk, you ask? Well, I admit it is a little like panning for gold — there's an awful lot of muck to wade through before you turn up any nuggets.

But it's worth the hard work. Why, now I can tell you everything from the projected population of the earth in the year 2,000 (6.2 billion) to how many Canadian households are without flush toilets (60,000, give or take a Johnny-On-The-Spot).

Some other gilt-edged gobbets I turned up:

- Half the world's humans live in just four countries — China, India, the USSR and the United States.
 - .35 per cent of Canadian households now have video cassette recorders. That's a leap up from a mere six per cent only three years ago.
 - A total of 360 Ontarians list Icelandic as their mother tongue.
- Inevitably, there are a few surprises lurking in the verbal underbrush of surveys and polls. Which province, for instance, would you say has the most VCRs, microwave ovens and home computers per capita?

British Columbia maybe? Or Fat Cat Ontario? Nope. It's Alberta. You know — the one that's going through that terrible economic slump right now?

Here's another curve for you. Which province would you say contains more than 50 per cent of the best agricultural land in Canada? Easy, right? Has to be either Saskatchewan, Manitoba or Alberta. Wrong again. It's Ontario. According to Statistics Canada there are some four million hectares of first class agricultural land in Canada, and 2.1 million of them are in Ontario. That's more than all the western provinces combined.

I'm discovering (through bloodshot eyes) that pollsters can be downright sneaky, too. Recently the Gallup organization asked more than a thousand Canadians to give their best estimate of the temperature outside on a given particular day. Gallup couldn't have cared less about the respondents' potential as meteorologists. The pollsters just wanted to see what system of measurement the respondents relied on. Turned out that 76 per cent of the people surveyed gave their estimates in Celsius, while only 24 per cent responded in degrees Fahrenheit. Conclusion? After 14 years of force feeding, Canadians are becoming accustomed to Celsius.

As scientific procedure goes, I guess that's kosher, but I get a little nervous when I see statisticians turning fancy and playing games — as a matter of fact I get a little nervous about statistics period. I agree with Benjamin Disraeli, who once grumbled: "There are three kinds of lies. Lies, damned lies ... and statistics." It's true. An artful dodger — be he politician or pollster — can use statistics to prove anything he wants them to. That's why I think it's important that we non-statisticians be very careful about just how much clout we give these guys. I heard of one fellow — a non-swimmer — who loved to splash around in one particular river because he'd read in a survey that it was one of the shallowest rivers in Canada, with an average depth of only 12 inches.

Didn't help the poor soul much though. He stepped in a pothole and drowned.

letters

Editor:

Sir, it has come to my attention for some time now regarding our Minden Clinic. The personnel are understaffed and with only two doctors in town they seem to be going all the time, either in the hospital or clinic.

The hospital is nearly always full, not enough beds, let's face it the population is growing all the time. There are more retirees here, not only that but people with cottages have them winterized, paying more taxes so they get more use out of them. Snowmobilers, skiers, winter sports etc. so even in the winter time, the clinic and hospital are kept busy.

I have been in the clinic twice since December 25, 1986 and have waited from 3 p.m. to 4:50 p.m. one time and in ten minutes I was out, at 5 p.m.

I have only the greatest admiration for the hospital staff and the clinic and doctors, serving the community. This is not just my view I assure you. I am aware that St. Joseph's Hospital is now in charge of our facility, so maybe I should address this to them. I also know that they operate on a budget. I have been here 12 years now and have seen the township grow. My age is 77.

Reg Argyle,
Lutterworth Estates.

Editor:

The citizens of Ontario will be faced with a province-wide ambulance strike by the beginning of February.

It is the toughest decision that ambulance operators and officers have had to make in the one hundred year history of Ontario's ambulance service.

But it is one that ambulance personnel have been forced to take!

No other choice remains.

Ambulance officers are treated differently depending on where they work and for whom they work.

There are five types of ambulance operations in the province: private, volunteer, municipal, hospital and Ministry of Health.

All officers must meet a standard of education and training set by the provincial authorities. All officers are doing the same job.

Yet there is over a \$5.00 per hour pay difference between these services' officers.

What about equal pay for work of equal value?

The insensitivity and double standard practiced by the provincial government has caused this unpre-

(more on page 5)

Changes will simplify tax forms - by Bill Scott, MP -

The Honourable Thomas Hockin, Minister of State for Finance, on December 18, 1986, tabled in Parliament a policy paper setting out a framework for the structure and regulation of

banks and other federally regulated financial institutions in Canada.

The paper, New Directions for Financial Institutions, is designed to respond to the challenge of rapid

change taking place in the financial system. It will serve as the basis for legislation to be introduced in 1987.

The policy is aimed at achieving four important goals which will enhance competition, service and security in the financial sector.

First, the new policy will permit greater integration of financial services, through common ownership of institutions and extension to them of new powers. Through an expanded range of services, Canadians will benefit not only because of greater access but also because enhanced competition will be injected into the financial services sector.

Secondly, the government has proposed a pragmatic ownership policy that checks the growth of commercial-financial links while maintaining balanced competition in the sector. This policy will require owners of non-bank financial institutions with commercial interests to provide for significant minority shareholdings in their institutions. Large financial institutions with over \$750 million in capital will be required to have at least 35% of their shares publicly traded and widely held within 5 years.

Thirdly, the policy will provide a strong framework for the regulation of financial institutions. New, strict rules will provide effective restrictions on self-dealing by financial institutions. Important changes in the rules for corporate governance will provide for a higher standard of duty for directors in carrying out their responsibilities. This too will reduce the potential for self-dealing which, if unchecked, can pose risks for institutional solvency.

Finally, the policy calls for the establishment of a new regime for the supervision of financial institu-

tions. This regime will include creation of a new Office of the Superintendent of Financial Institutions which will supervise both banking and non-banking institutions. In addition there will be much closer collaboration among the three agencies which are most concerned about institutional solvency. These are the Office of the Superintendent of Financial Institutions, and the Canada Deposit Insurance Corporation, as the insurer of deposits. Such collaboration is essential if the supervisors of financial institutions are to have all the necessary information to identify problems and take corrective action.

In addition to these measures, significant new powers will have an important impact on consumers, small business, and the institutions themselves. Consumer and commercial lending powers will be extended to trust, loan and insurance companies. All financial institutions will be able to provide investment and portfolio management advice. Federally-regulated domestically-owned financial institutions will be permitted to acquire securities firms as soon as legislation can be put in place. Non-resident financial institutions will be permitted to own a securities firm after June 30, 1988. This will help to ensure a strong and

healthy Canadian presence in the Canadian securities industry.

While the government wanted to encourage greater integration of the financial sector both through ownership and networking, it had certain reservations about the appropriateness of such networking with respect to insurance. Therefore, the policy will not permit the retail sale of insurance products by any other financial institution. As a result, individual policyholders will still be able to depend on the services of insurance agents and brokers of general, life and health insurance to provide them with the personalized attention upon which they have come to rely.

letters letters

(from page 4)

cedent action.

Example: The provincial government recently reached a negotiated settlement with their ambulance employees, giving them a 15.5% increase over two years.

However, private operators have been told by the government that all they will get is a 4% annual increase. Sorry, no negotiating available. An arbitrary decision!

Yet the Ministry of Health totally funds all ambulance services in the province with the exception of Metro Toronto (a 40/60 split).

A full-time officer in Toronto must have the same qualifications as a full-time officer in Cornwall or in Minden or in Moosonee.

Ambulance operators have been arguing their case with successive governments over many years, to no avail.

The present government has not even addressed the issue.

Therefore, the front line in emergency health services has been forced into this position.

A position that will certainly inconvenience the ill and injured in Ontario.

It may even jeopardize lives.

That is something we don't want to see happen.

The government can avert this situation by treating ambulance personnel with fairness.

Otherwise, the con-

sequences will remain on their conscience.

This is not a scare tactic, but a fact. Unfortunately, this fact is scary.

We have always been there when you needed us.

Now we need you. Will you be there?

Call or write your MPP and express your opinions.
J.D. Thomas, E.M.C.A., Ambulance Officer, Minden.

Editor:

Recently the Canadian International Development Agency (CIDA) provided us with its third matching grant in support of H.A.V.E.'s projects in Developing Countries. The previous two grants of \$11,600 and \$24,000 were used by H.A.V.E. in the provision of drilled wells in the villages of central India. (To date 28 wells and a water pipeline system have been completed.)

This present grant of \$31,411 will be applied toward the expansion of a Rural Community Health Centre, and supplying of village wells in the Koraput District of Orissa state. To complete a total budget of \$60,500 another \$12,000 is required. We are aiming to begin this urgently needed project by February 1.

Sincerest thanks to all supporters of H.A.V.E.'s efforts.

John Stouffer, Treasurer, H.A.V.E. Committee.

What do you think?

by Bill Kulas

Canada's immigration laws are under criticism following the recent illegal entry of hundreds of Turkish citizens who landed at Montreal's Mirabel airport seeking refugee status.

At the same time over thirty thousand Canadians have applied to the United States for non preference immigrant visas. Most of the young Canadians applying cited greater job opportunities, purchasing power of the U.S. dollar and more after tax take-home pay. Ironical isn't it?

With hundreds of thousands of Canadians out of work resulting in millions of taxpayers' dollars being spent on unemployment payments, Canadian

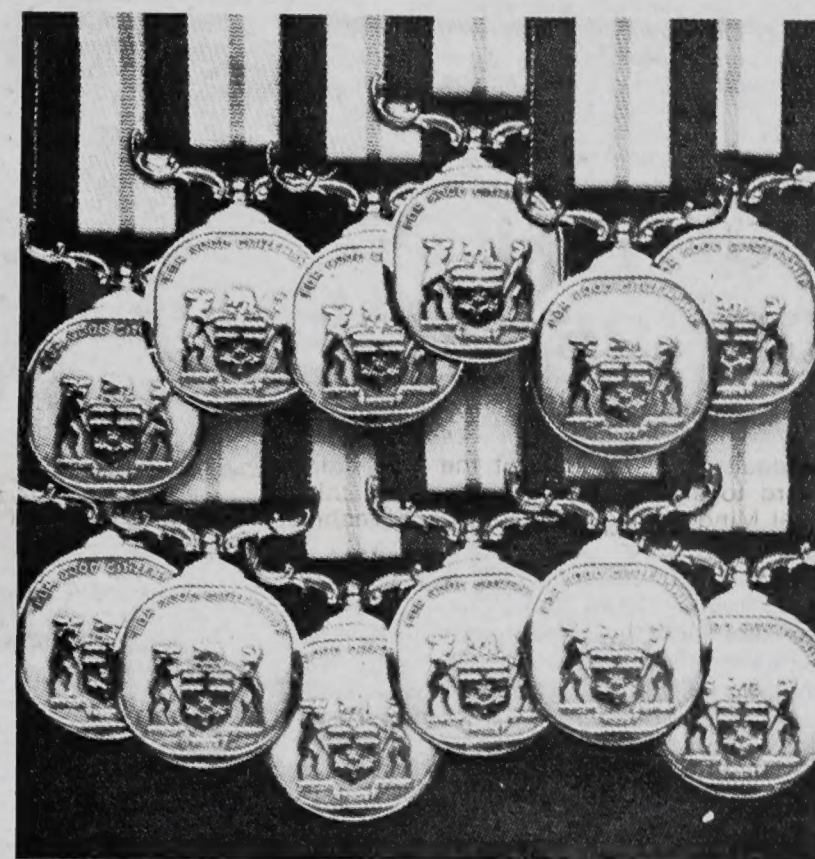

immigration officials are having to feed and lodge thousands of illegal immigrants.

Under the current system, refugee claimants can remain in Canada for up to four years, and hold jobs, by going through a lengthy application and appeals process. This encourages others to come to Canada because they know they can save some money while waiting for a hearing. And the longer they stay the more the system is abused.

In a Toronto Star article on January 9th, John Mylopoulos, president of the Council of the Greek Community of Toronto said Canada's refugee determination process must be revamped because it is "becoming too costly" for

Canadian taxpayers. One year it's floating Tamils and the next it's flying Turks. What then are the answers? Should the government make immigration laws much more stringent? Should we automatically return illegal refugees without a hearing? Faced with relative high unemployment in Canada should we maybe reduce the numbers of those who seek to immigrate to our country?

A consensus among immigrant aid groups was that the solution to the problem was not to restrict access to the system, but to create a better, faster, fairer system to determine when someone comes to Canada. What do you think the answers are?

Do you know someone who deserves a medal?

If you know someone who has made Ontario a better place to live...through their selflessness, humanity and kindness...tell us.

An Advisory Council of Ontario citizens, whose honorary chairman is the Lieutenant Governor of Ontario, The Honourable Lincoln M. Alexander, selects the recipients

from nominations made by you each year.

We need your nominations by March 14, 1987. Nomination forms are available now by writing: The Ontario Honours and Awards Secretariat, Ministry of Intergovernmental Affairs, 5th Floor, Mowat Block, 900 Bay Street, Toronto M7A 1C1

The Ontario Medal for Good Citizenship

from the chamber

by Shawn Hagerman

When New Years comes, it has always brought with it a new batch of resolutions on my part. I thought that Thanksgiving was the opening shot in a losing war through to New Years. Unfortunately it was true again this year, if you have been familiar with all the various diets that have been promoted over the last few years.

Flipping through a book the other day I came across one, which by its simplicity would work and I intend to follow. It simply consists of one line, "if it tastes good I should spit it out."

Fortunately for the Chamber, the resolution that we made last year to encourage as many businesses as possible to join and support our Chamber is continuing to bear fruit. At our last meeting we enrolled another 13 members. It is encouraging to see that members are coming from all walks of our community, resorts, retail stores, private members and many others.

Also our marketing committee is moving ahead well. At a recent meeting, they have put together for a

package price of \$300, the opportunity to participate at four different shows. You would be able to go to the Sportsmen's Show, the Travel and Leisure Show, the Eaton Centre and Cullen Barns. This I think is an excellent value to help any lodge to promote its year round business.

The committee will be putting out a bulletin with this proposal, to each of our tourist operators. This is a great opportunity to have advertising dollars well spent for the upcoming year. They will follow up with a phone call to answer any question which you may have. Please respond as soon as possible.

I also received a call from Kerry Barber, representing the Wilberforce Businessmen's Association. They will be hosting a pot luck supper on January 17th at 6:30, at the Wilberforce Community Centre. It will include as speakers, Andy Campbell of the LEAD Corporation and the Honourable John Eakins, Minister of Tourism.

Oh well, so much for my new resolutions!

Device helps prevent mishaps

by Doreen Hawman

A safety brief was written recently in the "Ontario Traffic Safety" magazine, telling of a new device designed to alert a driver when he is dozing off. Tested and manufactured by Surrental Ltd. Hong Kong, it is very light (15 grams including battery), can be worn on either ear regardless of whether or not you wear glasses. It follows the movement of the drivers head, noting the different degree of inclination. Once a certain threshold is reached, it triggers off an alarm

generated by the smallest buzzer in the world.

Could this device possibly be the answer to preventing so many accidents, caused by drivers falling asleep? It is available in Canada via SRS Import Export Ltd. Beamsville, Ontario.

If you have a problem completing forms or need a question answered, be sure and call the Haliburton County Information Centre, 457-2733 or drop in to the Drag River Municipal Building, Maple St., Haliburton. Open 10 a.m. - 4 p.m. Monday to Friday.

A boost for the town

(from page 1)

extremely pleased that the Minden race has acquired the status of being able to attract this high quality of drivers and teams," she added.

Concern

Earlier last week there was some question as to whether the race could be held as planned. A lack of new snow since early December and a spell of mild temperatures had ruined the proposed trail. However, with the co-operation of the municipality, snow was brought in from various locations to bring the trail up to standard for the race. The weather man co-operated late last week to dump a fresh fall of snow on the community, but by then the need for the snow had been met through the efforts of the roads department.

The two days of racing represented a massive co-operative effort of volunteers from throughout the community, and many months of diligent planning on the part of the organizing committee. The efforts

appear to have paid off, as comments from racers and spectators reflected the positive experience.

A number of special guests were in attendance during the weekend including the provincial Minister of Tourism John Eakins who said the derby provided a great boost for the community as a whole. He praised those involved and said it was events like this which helped to make the province an attractive place for people to visit. Also in attendance to bring greetings to the racers and the spectators, were Anson Hindon and Minden Reeve Sinc Nesbitt, Haliburton County Warden Murray Fearrey and Victoria-Haliburton M.P. Bill Scott.

The organizers were also pleased to welcome the president of Martin Feed Mills, Don Martin, his wife and associates to the community for the weekend. The company, which manufactures a line of pet food, contributed \$6500 for the race.

The race this year has taken on a truly international flavour, with many

teams from throughout North America taking part. In addition to Ontario, racers travelled from Quebec, Massachusetts, New York, the Yukon, British Columbia and Michigan.

A number of local racers took part in this year's event. All assisted in the organizing of the races, with Steve and Val Loughheed two of the prime movers behind the annual festival. Steve placed twelfth in the eight dog race with a time of 69:01. Val Loughheed took sixteenth spot in the four dog competition, clocking in at 41:33. Gary Pringle of Lochlin placed eighteenth in

the eight dog class with a time of 71:31.

Finally, one of the highlights of the weekend was the popular Kid and Mutt race in which youngsters compete with sled and a single dog in a main street dash. Win, lose or draw, the young competitors always drew a hearty response from the crowd as they steered their chargers down the trail.

Taking top honours in the race was Sabrina Pringle of Lochlin who covered the distance in 11:07. Second place went to Islay Gilchrist of Brechin, Ontario with a time of 12:28 while Martin Letang placed third at 12:38.

Hard work, the right dogs make for a winner

A slim, likeable, 27 year old, Terri Killam smiles when asked how it was that she managed to beat out 36 other eight dog mushers at the third annual running of the Minden Sled Dog races last weekend.

"It took a lot of hard work," she says. "That, and just having the right dogs."

As winner of the eight dog competition and her second place finish in the four dog event, Killam went home with \$1,400 in her pocket.

She lives in Massachusetts and when she's not racing, she competes in events across the United States and Canada every winter, "for as long as the money holds out," she runs a dog kennel.

Yes, first place makes her very happy, she says, and the money will at least cover part of her expenses. But was this something new for her, is this one of the first races she's won? No, she allows. She won the prestigious Saranac Lake race in New York State last year (purse \$6,000 U.S.) and over her past twenty years of dog sled racing, she's won a few others as well.

"I started racing when I was seven years old, and I just kept at it."

Time, it turns out, is a key element in the success of every musher and his/her team. Looking around the pits last weekend, no two

dogs seemed alike, and all were jealously watched over by their owners. That's because the dogs have been carefully bred over the years, bred and re-bred and bred again according to a secret recipe concocted somewhere in the back of each musher's mind.

"I've got a really good team now," says Killam. "We've put a lot of time into refining the breed. I suppose you'd call them Alaskan Huskies, but in fact, there are all sorts of breeds mixed in."

"Sometimes you spend a fortune breeding prize dogs but only getting mediocre pups. Strangely enough, our lead dog was produced by two house dogs."

"You see, breeding is a hit-and-miss kind of thing and you can go on forever without getting a winner. You just have to be lucky somewhere along the line."

And what did she think of the Minden course?

"It was one of the hardest races I've been in. Those hills really test a team. If you can make it up those hills, you can do pretty well anything."

Killam is also much impressed with the job done by race organizers Steve and Val Loughheed. Everything went smoothly indeed, and she'll certainly be back again next year to test her skill.

Race organizer Val Lougheed, left, presents Terri Killam with the Dominion Hotel trophy and a cheque for \$1000 following her win in the eight dog race during the Minden Sled Dog Derby, Techni-Cal Challenge. Also on hand for the presentation were Jean Mann, Ontario sales representative for race sponsor, Martin Feed Mills of Elmira, and Don Martin, president of the company. Holding the trophies and prize money are second place finisher Paul-Emile Levesque and the third place competitor, Jean Boissoneault, both from Quebec.

Dog days in Minden

Don Martin, President of Martin Feed Mills of Elmira and race organizer Val Lougheed, share the honour as they present Sue Bain with the Dominion Hotel trophy after her first place finish in the four dog race this past weekend. Sharing the spotlight and prize money are second place competitor Terri Killam of Massachusetts and Jean Boissoneault who placed third. The presentations were made Sunday afternoon following the completion of two days of racing.

Spectators line the Main Street chute as a dog team heads out for the eight mile trail during the races Saturday.

Redmen split pair: defeat Fenelon 4-1

The Haliburton Highlands Secondary School Redmen played two games last week, losing the first to Adam Scott 7-3 and winning the second against Fenelon Falls 4-1.

The first game played in Peterborough last Tuesday, was a tough one.

Haliburton goal scorers were: Mike MacNaull, assisted by Ted Paish; Tran Larue, assisted by MacNaull and Tom McLeod, assisted by John Wells.

However, Redmen fortunes were on the rise the next day when they trounced Fenelon Falls 4-1 at a game played in Minden.

Haliburton gained the advantage 49 seconds into the first period when Drew Mitchell assisted by John Wells and Scott Russell put the first goal in for their team. And then seven minutes later Ian Cooper got another, assisted by Mike Blake and Tran Larue.

Before the end of the period Fenelon also scored.

It was 2-1 for Haliburton at the start of the second period, and the Redmen

A member of the HHSS Redmen attempts to block a blistering slapshot off the stick of a Fenelon Falls forward during a game Wednesday evening at the Minden arena. The Redmen went on to claim a 4-1 victory over the visitors.

increased their lead by another point when Jaro Cooper, unassisted, got his team's third goal.

The score remained at 3-1 until three quarters of the way into the last period when Tran LaRue knocked in the final goal of the game,

assisted by Ted Paish and Mike MacNaull.

The referees gave out 24 penalties during the game.

Pee Wees take consolation title at annual tournament

For the first time in the running of the annual Rotary Pee Wee hockey tournament, Minden has come out on top.

The competition took place at the Minden Arena last Saturday and Minden played three games, against Haliburton, Bobcaygeon and Sunderland.

They lost to the Haliburton team 3-1 but beat Bobcaygeon 5-0 and Sunderland 3-2.

"Sure, we lost to Haliburton in the first game, but the team played really well," said Minor Hockey Association member Shirley Hie. "I've never seen a set of kids connect so many times, they were really good. And they didn't lose spirit when they lost."

The team's only goal in the Haliburton game was scored in the third period by Robie Ackerblade and

assisted by Jason Scarlett.

The game against Bobcaygeon, the fifth of the tournament, gave Minden a chance to build confidence when the home team won 5-0.

Minden got the advantage in the first few seconds of the game when Wyatt Nesbitt put the first puck into the Bobcaygeon net. Wyatt was assisted by Stephen Beaver and Hunter Obee. The score remained at 1-0 for Minden until the start of the second period when Jason Klett put another in for Minden.

Three minutes later, Jason Scarlett scored Minden's third goal, assisted by Hunter Obee and Robie Ackerblade. Another goal followed less than a minute later scored by Jaime Dollo and assisted by Stephen Beaver.

Minden's fifth goal was put in seven minutes into the

third period by Wyatt Nesbitt, assisted by Kevin Buchanan.

The game against Sunderland was a different story. Having lost twice this year to them, the Minden Pee Wees had good reason to be concerned.

But clearly Sunderland were not - they were, perhaps, over confident - and so they lost the game 3-2 to Minden.

Minden gained the advantage in the first period by getting a two-goal lead. Scorers were: Robie Ackerblade, assisted by Jason Klett and Mike Muli, assisted by Jason Scarlett and Jason Klett again.

Sunderland came back hard in the second period, keeping Minden from getting any more goals and getting one of their own.

The score was 2-1 for Minden at the start of the

third period. Sunderland came on strong and with the clock at 1:44 they put in their second goal and tied up the score.

The two teams battled for the lead until finally ten minutes before the end of the game, Minden got their third goal, scored by Darren Sawyer assisted by Philip Boyle and Robie Ackerblade.

When the game ended, it was 3-2 for Minden.

Shirley Hie congratulated the team on its good performance and excellent behaviour. She also gives her thanks to the parents and friends who came out to the game and helped with the time keeping.

The Minden Pee Wees next game will be played against Manvers in Manvers.

ATTENTION LOCAL COMMUNITY GROUPS AND NON-PROFIT HOUSING ORGANIZATIONS

Help create rental units for people with special housing needs.

Special provincial funding for 3,000 units.

The Government of Ontario has made a special commitment to fund 3,000 new, non-profit housing units primarily dedicated to disadvantaged people.*

Who will this program help? Mainly people who are physically, developmentally or psychiatrically handicapped, battered women, homeless people and other socially disadvantaged persons.

The Ministries of Housing, Health, and Community and Social Services are working together to help people throughout Ontario who require a combination of support-care services and housing.

Projects that house low-income families and senior citizens as well as disadvantaged groups will be considered. Innovative housing projects for disadvan-

tagged, low-income, single people will also be considered on a demonstration basis.

Attend our briefing sessions this February.

Interested community groups and non-profit organizations are invited to attend orientation sessions on the development of housing with support services. Meetings will be held in February at each Regional Office of the Ministry of Housing.

Representatives from the Ministries involved will be on hand to speak and to answer questions.

Local community organizations wishing to sponsor non-profit housing projects can apply for government grants to cover the costs of establishing non-profit housing corporations.

Call now for complete details.

Preliminary applications indicating an intent to develop a housing project with support services are to be submitted by March 31, 1987. Eligibility depends on the degree and nature of care provided.

The federal government, through Canada Mortgage and Housing Corporation, will provide mortgage loan insurance for all projects funded by this program.

For more information and meeting times, contact your nearest Regional Office of the Ministry of Housing listed below.

*Up to 1,000 units will be selected from applications for supportive housing previously submitted to the Ministry of Housing.

Times, Rockcliffe play to 9-9 tie

Monday night Men's Recreational hockey action at the Minden arena, saw The Times and Rockcliffe Foamblowers play to a 9-9 tie, while Hartwick doubled on Vasey 12-6 and Home Hardware defeat Hall's Insurance 8-5.

Three players picked up a pair of goals for the Rockcliffe team, Jim Keetch, Merv Mintz and Barry Boice. Other goal getters included Peter Walker, Greg Carpenter and Ted Vasey.

Scoring for The Times were Daryl Ward with four goals, Doug Rae and Boomer Stamp with a pair each and a single from Carl Northey.

Three Hartwick players managed hat-tricks in their trouncing of Vasey Real Estate. Picking up the honours were Cory Walker, Eldon Bull and Brian Shaw. Singles went to Trent Lloyd, Dan Read and Dan

Geffross.

Vasey marksmen included Dave Hartwick and Larry Sawyer with a pair each and single from Barry Walker and Bart Hilhorst.

In the final game of the night, Jeff Howe led the scoring for Home Hardware with four goals while Dean Hewitt picked up a hat-trick and John Barkwell scored a single.

Bernie Upton scored four goals in the Hall's effort, two of those being unassisted. The other goal was scored by Ed Gibbons.

The action continues this Monday evening at the arena with Home Hardware taking on Rockcliffe Foamblowers at 7 p.m. The Times playing Vasey Real Estate at 8:30 p.m. and Hartwick Construction and Hall's Insurance on the ice at 10 p.m. There is no charge for admission to these games.

A Rockcliffe Foamblower tries to block a shot from a Times player in Monday night's game at Minden arena. The game ended in a 9-9 tie.

Group wants more snow

A delegation from the Haliburton County Snowmobile Association has complained to Anson, Hindon and Minden council that municipal snowplows are scraping away roadside snowmobile trails.

At the council meeting on Thursday it was said that the wings on the plows used to keep the snowbacks back, are the cause of the problem.

Roads superintendent Clayton Cameron, replied that the lack of snow was the real cause - at the time of the council meeting it had not snowed for four weeks.

Cameron added that his crews would do whatever they could to help keep HCSA trails in good condition once the snow began to fall.

**sir sandford
fleming college**

Sir Sandford Fleming College

is seeking applications in the following areas.

All positions will be involved with a program for adults who have been out of the workforce for a minimum of 24 weeks and have a secondary barrier to employment.

Co-ordinator/Life-skills coach responsible for supervision of all facets of the program as well as facilitating a life skills group.

Academic upgrading instructor responsible for delivery of individualized academic modules in the areas of communications and mathematics.

Skills Instructor/Placement Monitor responsible for delivery of office skills and basic computer operation classes as well as assisting trainees in on the job training placements.

These are contract positions for a duration of 5 - 6 months. Closing date for applications is Tuesday, January 20, 1987.

Please send resume to Barb Bolin, Sir Sandford Fleming College, Box 339, Haliburton, Ontario K0M 1S0. 705-457-1680.

Notice to Sled Dog Derby Volunteers

"You just have to look out on the trails to see the number of people directing the races. Some of them are standing there for hours at a time with not even a coffee to keep them warm. They knock themselves out so we can race. That's dedication..."

Paul-Emile Levesque - of Quebec - 3rd overall in the 8 Dog Race.

Toronto Star, Monday, Jan. 12, 1987

This says it all. Minden is now a major International Championship Sled Dog Race - and all the volunteers at the registration desk, the pit, at the start chute and out on the trails are the reason why. You are too many to mention here - but our heartfelt thanks goes out to each and every one of you. Your spirit, your heartiness and your dedication make you all very special - and mushers all over North America thank you for this!

Minden Techni-Cal Challenge

Plans altered

-by Faith Aggett-

Early in December there was a front page article announcing CHACE Inc. intention to open a Day Care Centre in Minden. Since that time our plans have met with a number of obstacles.

Our aim was to be able to serve the families of our

community with licenced child care in a convenient location. This programme would not be in competition with the existing Private Home Day Care Programme or with the area caregivers who are already providing a service. It would be an additional alternative

to meet the demands of a growing community. Contracting with the provincial government to offer child care subsidy would be a high priority. The high cost of daily care for 1 or more children would be drastically reduced if the family income met the criteria of a needs test. Statistics suggest that our county, known to be a lower-income area, would benefit from affordable day care.

However, before setting out on this venture, we need feed-back. We have to know within two weeks exactly what type of service is needed. If you would require child care within the next three months it is extremely important that we hear from you now. It is crucial to our choosing a site to know the need for infant care, pre-school care, school-age care. Our decision is seriously affected by the need for full-time versus part-time care. The hours of care required determines our opening and closing hours.

This is the turning point. The information we gather from the public in the next two weeks will be the final indication of whether a day care will be instituted in Minden. Please call Faith Aggett, 286-1831 or Minden CHACE Place, 286-1770. It is up to you to respond.

Committee reviews county service needs

One of the many problems of living in a country as large and diverse as Canada is that many people who need and deserve social assistance don't get it.

The reason is simple: cost. The government just can't afford to support social service agency offices in every town and village.

But in Haliburton County some people have decided to do something about it. Members of social service agencies already established in the county have gotten together and formed a social service Action Committee to do something about people who slip through the safety service net.

"The first thing on the committee agenda is to locate the areas where services are weak," said committee chairman Gena Robertson. "The next thing is to form task forces which will look for ways to provide more support."

Robertson is also with the Children's Aid Society in Haliburton.

Other members of the action committee include

Rev. George Elliott of St. Paul's Anglican Church in Minden; Jude King counsellor for the Family Violence Centre and Barb Fraser, Children's Services case co-ordinator.

Though no task forces have yet been set up, Robertson explained in an interview that the committee would be considering as task

force subjects such areas as education, housing, alcohol and drug abuse, recreation and fundraising opportunities.

She pointed out that another important function of the regular action committee meetings would be of informing members about social service problems in the county.

Novices tie in Bobcaygeon

Friday, December 19 Novice II's travelled to Bobcaygeon and came away with a 2 - 2 tie in a well played game with Bobcaygeon tying the score with less than two minutes left. Scoring for Minden were Donald Todd 2 goals and Shamus Donnelly with an assist to Nathan Stephenson.

On Saturday at home against Fenelon 3, the Minden team won 7 - 1 in another good team effort. Minden point getters were Donald Todd 2 goals and 2 assists, Ryan Anderson 2 goals, Philip Daniels and Adam Carpenter 1 goal each, Corey Casey 1 goal

and 1 assist, Wade Hartin 2 assists and Clay Davis 1 assist.

Saturday, December 27 Novice II's lost a tight 6 - 5 game to Oakwood. Scoring for Minden were: Ryan Anderson 2 goals 1 assist, Donald Todd 2 goals, Chris Kerr 1 goal and 1 assist, with single assists going to Gavin Gartshore, Clay Davis and Ben Ripley. Even though they lost, the fact that Minden trailed 5 - 1 midway through the second period and fought back shows the team doesn't quit. But for some good stops by the Oakwood goalie, Minden could have won.

No snow, please

Often people attempt to keep their lanes and yards clear of snow and ice only to find a lack of available space in which to deposit this unwanted substance.

Too often it seems convenient to push or blow this material across or onto the roadway where the trusty snow plow will remove it the next time it comes by...

What if that "little bit" of snow caused an accident?

By creating a hazard to motorists using the roadway they may be leaving themselves open to criminal or civil liability.

The Ontario Highway Traffic Act makes it illegal for any person to cause snow or ice to be deposited on any roadway - be it highway or municipal, without written permission from the Ministry of Transportation and Communications or the local road authority responsible for maintenance of the road.

Persons found committing this offence are liable to be charged by police and upon conviction subject to a fine not less than \$43.75 or more than \$203.75.

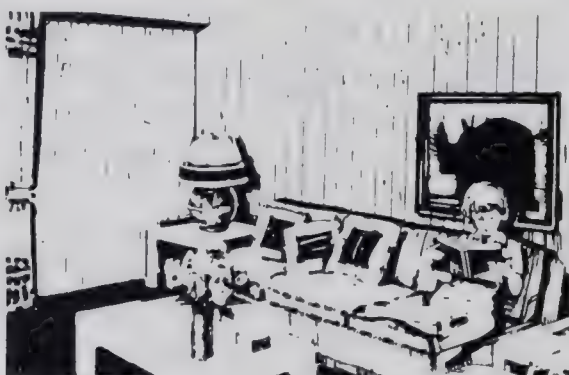

(Prepared by O.P.P.)

FRONTIER FORD-MERCURY

WINNER

Charlie Muli, president of Frontier Ford Mercury presents Margaret and Murray McGuire with the keys to a 1987 Ford Ranger pick-up truck won in the Lone Ranger Draw. Sales manager, Ron Hopkins, left, witnessed the presentation. The draw was held December 23. The contest was sponsored by your county Ford Mercury Dealer and Ford Motor Company of Canada Limited. The management and staff of Frontier Ford Mercury wish Mrs. McGuire many years of happy motoring.

Galls contain sleeping grub

- by Mike Singleton, Federation of Ontario Naturalists -

At this time of year most of us take at least a brief walk through a snow-mantled meadow. It's a revealing sojourn - an opportunity to (re) discover the soft pastels of the winter landscape, the beauty of dried wildflowers and a remarkable amount of activity.

Tiny baubles, past which most of us walk without notice, offer a fascinating glimpse into nature, for those who'll look.

Properly called goldenrod galls, they're globe-like balloonings in the plant stem, each about the diameter of a quarter. In some fields, almost every goldenrod stem bears one, with many plants having 2, 3 or even 4 galls over the stem's height.

The interest isn't so much in the ballooning, as it is in the gall's history, cargo, and roll as a "feeding station".

The galls were actually made last summer, by the larvae of a specially adapted (and rather pretty) little fly. Last May, timed to coincide with the goldenrod's poking above the grassy terrain, adults of this fly darted from stem to stem, laying a tiny egg - only on goldenrod. Each hatchling - a near-microscopic grub - wandered up and down,

finding a soft spot (often in the axis where a leaf emerged). There, each tunnelled into a stem barely the thickness of a straw.

Secreting a special fluid, each made the tissues surrounding it to grow, divide and multiply with fantastic speed, producing a wart-like growth around itself. Steadily, this grew into a massive, nut-hard wall, with only a tiny cavity in the centre.

This gall was to become both "ark" and "larder". Protected from most predators by the gall wall, and fed by an abundant supply of plant juice seeping to the inside, the grub grew throughout the summer.

With the onset of winter, most grubs went into hibernation. Unlike most insects - which rely on snow's insulating blanket for protection, these remain above the snow. Here, cradled in their 'shell', they will bob and sway before each winter storm, awaiting the spring warmth which will cue their transformation to adults.

But many won't make it. Because they project above the snow, and are rather conspicuous, they're perfect feeding stations for those animals which can get through the gall wall.

Downy and hairy woodpeckers and chickadees

spend endless winter hours chipping and chopping their way inside, to get the protein-rich morsels. To many of these birds, the galls' contents are probably the difference between survival and death. Winter is a consummate juggling act between food energy (in) and heat loss (out).

But winter birds aren't the only ones to depend upon galls. Mice will gnaw through those they can reach from the snow-crust.

Licence required

The Ontario Resident Sport Fishing Licence becomes mandatory on January 1, 1987. From that time, most Ontario residents aged 18 to 64 will need a licence to fish. People with physical handicaps will not require a licence.

The licence will cost \$10 for a year. A \$5 licence, good for four consecutive days, is also available.

Your purchase of the Resident Sport Fishing licence will help to raise an estimated \$10 - million a year. The Government will provide funds based on those licence sales for sport fisheries management projects across the province.

And at least 12 other insects have been found in the galls. Many are parasites, while others simply 'borrow' the facilities.

As you walk through the meadow this season, watch for the galls. Have a close look at this remarkable structure, and watch especially for those which have already served as wintertime larders. You'll discover a remarkable relationship between plant, insect, and predator.

Police investigate gasoline theft

During the week of January 5-11, officers at Minden detachment investigated 40 general occurrences, including four thefts and one 12 hour suspension. They also investigated five motor vehicle accidents with no injuries reported and one snow vehicle accident with two persons injured.

Thefts

Gasoline was stolen from Francis Fuels on Highway 35 south of Minden. Some clothing was stolen from the Minden Laundromat and a 1978 Skidoo Elan was stolen from Murphy Construction in Minden.

Man sentenced

Gerry Koster, age 19, of Bancroft, was sentenced to fourteen days in jail as a result of his part in a gas theft at Hyland Crest in Minden. The theft took

place December 5 at approximately 1:20 a.m. Koster and another person were arrested at a spot check by the OPP R.I.D.E. team in Cobocok a short time later.

Brian Hamilton of Maple Leaf will appear in court on February 4, 1987 in connection with this matter.

The investigating officer was Constable Dave MacMartin.

Hazards

Due to mild weather over the past several weeks, lakes and rivers normally frozen at this time of year are still unsafe for travel. Pressure cracks are developing on several lakes causing areas of open water and weak ice. These pressure cracks can develop anywhere on a lake at any time. The Ontario Provincial Police suggest use of land routes only for snowmobiles and ATCs.

- Special Mention -

The Minden Sled Dog Derby Committee formally thanks all of the following...

- Martin's Feed Mills, Elmira
- Shirley Rapson & the Haliburton County Chamber of Commerce
- Trail help and all race volunteers

Pastor Jim Fast and his family were feted last Friday evening after his induction service at Minden Gospel Church. His family includes, his wife Beth holding their son Matthew, sons Jared and Jonathon and Peter being held by his father.

Witnesses meet in Norval

Members of the local congregation of Jehovah's Witnesses were among the 1824 assembled in Norval last weekend for a program of Bible instruction designed to help one make improvements as a Christian. This gathering was one of the 9 similar assemblies held each weekend across Canada.

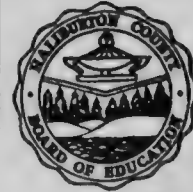

The highlight of the assembly was the baptism of 26 new Witnesses on Saturday. This is indicative of the steady growth the Witnesses have been enjoying worldwide.

In the public address on Sunday, Mr. W. Peacock, District Overseer of the Witnesses for southern Ontario, examined the question: "Acts of God - What Are They?" Peacock pointed out that thousands have died in disasters and millions suffer from famine and disease. People ask: "Why do these things happen?" and often label them acts of God. But are they?

From the recorded acts of God, such as the Noachian deluge and the destruction of Sodom and Gomorrah, several facts are noteworthy, Peacock said; in each case God gave a warning; only the wicked were destroyed, and the righteous were pre-

served. Most present-day calamities, however, are the outworkings of natural laws which turn into disasters through human error, negligence or lack of foresight. To blame God for this is like blaming the weatherman for the weather.

There is a lesson for us in this, Peacock emphasised. Today God gives warning of the coming destruction of the present world order. It is up to each individual to heed this warning and thus be preserved in that final act of God.

TENDERS PLUMBING, HEATING, ELECTRICAL & CARPENTRY

Sealed Tenders, clearly marked as to contents, are invited for the repairs (as required) to plumbing, heating, electrical, air conditioning and carpentry in the Board's Schools for the year 1987 and will be accepted by the undersigned until Tuesday, January 20, 1987.

Tender forms outlining instructions and conditions are available at the Board Office, Haliburton.

The lowest or any tender will not necessarily be accepted.

At the Euchre Games at Lochlin Centre last Tuesday night winners were lone hands Dorothy McElwain, and others Helen Dugan, Gladys Reid, Norm Harrison Sr. and Harry Woollsey. There will be these games again next Tuesday, January 20 at Lochlin Centre.

We hear that the members of the Lions Club and Lioness Club are still collecting used eyeglasses for Third World Countries and any member will accept these.

Last Monday afternoon at the Library Cultural Centre there were courses sponsored by Minden Women's Institute. Mrs. J. Grant demonstrated how to do smocking and each one did a small article. Then Mrs. J. Toms of Bobcaygeon showed how to re-web lawn chairs with nylon strips with each person working on their own chair. This Branch W.I. are hoping to have more classes on Home Crafts during the year.

Sorry to report the death of Jack Stacey's father; sincere sympathy to that family.

Mrs. Ern Windover spent the holiday season at Lindsay with her three daughters and their families and she is recuperating at her apartment following a serious bout of the flu.

There's one thing to remember
That's inescapably true -
Whatever you say about
someone else
Says more about you!

Ruth M. Walsh

Mr. and Mrs. Arthur Thorpe of Brampton and Mr. and Mrs. Ron Davis and family of Foleyet were with the Earl Hewitts for Christmas.

Winners at the afternoon Euchre games at St. Paul's Parish Hall last Thursday afternoon were lone hands Verna McDonald, and Greta Alsop, Charlotte O'Neill, Ada Turall (man's) and Florence Dollo (man's).

Grace Turton and Harold Dixon were married at their home at Canning Lake on January 2 with attendants Marian Ingram and John Logan. Congratulations to the happy couple.

Sincere sympathy goes to the families and friends of the late Mrs. Ethel Hutchings, Earl Maguire, Wilfred Johnston and Mrs. Ken Currie who passed away since last week.

Peggy and Ray Hutchin-

son of Lindsay spent the weekend with Mr. and Mrs. Os Snell.

Minden's Main Street was surely looking different on Saturday with piles of snow brought in for the Dog Sled Races. They told me there were 80 teams and we watched 44 teams of 4 dogs leave and return from a 4-mile run. These dogs were like race horses, eager to run and though the course was only in fair condition their times were reasonably fast. There was a crowd present but the snow overnight Friday made travel bad so that there weren't quite so many spectators. The organizers, sponsors and workers are to be congratulated on a great third edition of Dog Sled races.

The Library Committee will meet on Monday, January 19 at 7:30 p.m. in the library.

Winners at the Club 35 euchre party this week included Velda Harrison for the 50-50, most lone hands

Hal Burton, high lady Shirley Bunker, high man Ken Wallace and others Eleanor Bunker, Jack Gregory and Ken Thompson.

Bev Wood gave me a list of Library hours for Minden as follows - Monday 3 - 5, Tuesday 3 - 5 and 7:30 - 9, Wednesday 10 - 12 a.m. and 3 - 5; Thursday 3 - 5 and 7:30 - 9; Friday and Saturday 3 - 5.

Next Wednesday at 2 p.m. January 21 will be the meeting of Minden Women's Institute at the Library Cultural Centre. As this is the 80th anniversary of this Branch the members will be planning a special event for this year.

Other coming events are the Haliburton County Farmer's Association Annual Banquet at the Haliburton Legion, a special 10th year celebration with dinner at 6. Also that weekend January 24 will be the Atom Tournament at the Haliburton Arena. Number to call is Len Salvatore 457-2765.

We were pleasantly surprised this Monday to receive 2 letters from the U.S.A. and these were postmarked January 7. Still mild. Keep smiling.

senior league

by Pearl Lyle

Well Folks. It's a nice mild winter we are having. Hope it stays that way.

As usual we started off the week with Rev. J. Burgess and Mrs. Burgess conducting the much enjoyed service in the chapel. On Tuesday morning we had Rev. George Elliott of the Anglican Church.

I am sorry to report Lola Prentice is in hospital. We hope she will soon be better and be home. We miss her very much.

The Haliburton Legion brought the Tea Party lunch on Thursday. It was delicious and the sing song after was enjoyed too. That was followed by the Resident's Council meeting. The first one of the year, with a very good attendance.

I am sorry to report Mrs. Oliver is not very well at present. We hope she will be feeling better soon.

Mr. Bill Payne and his companions were here last night and were much enjoyed by all present. We also enjoyed having Daryl Crowe come again with his guitar and singing.

Alice Todd celebrated her birthday Saturday. Hope you have many more Alice. We are all hoping Linda English will soon be home from hospital. We sure miss her a lot.

Charlie Brohm had his sister Laura and husband also Mr. and Mrs. Archer, a niece and her husband Mr. and Mrs. Jim Hill call Sunday afternoon.

Mrs. Barnum had a visit with Darlene McElwain on Sunday. Mrs. Roy Hughes called on Mabel Buttery Sunday afternoon.

And true it is since time began, it's sun and rain that makes a man.

Till next week.

kid's korner

by Jean Lacey

Hi Kids!

Here is another puzzle for you with a word list. Look in the diagram of letters for the words given in the list. Find them by reading up, down, forward, backward and diagonally. They are all in a straight line and do not skip letters. Circle the words in the diagram and cross it off in the list.

It's as easy as that. Have fun!

Q: Why is it good to have holes in your pants?

A: To put your feet through.

Q: What does a Scotsman have for dessert?

A: Tart-an Pie.

Q: How do you join an army?

A: Handcuff them together.

Q: Why do you go over a hill?

A: Because you can't go under it.

Q: Why did the window box?

A: Because it saw the garden fence.

Bingo

Match the game
card and WIN
dinner!

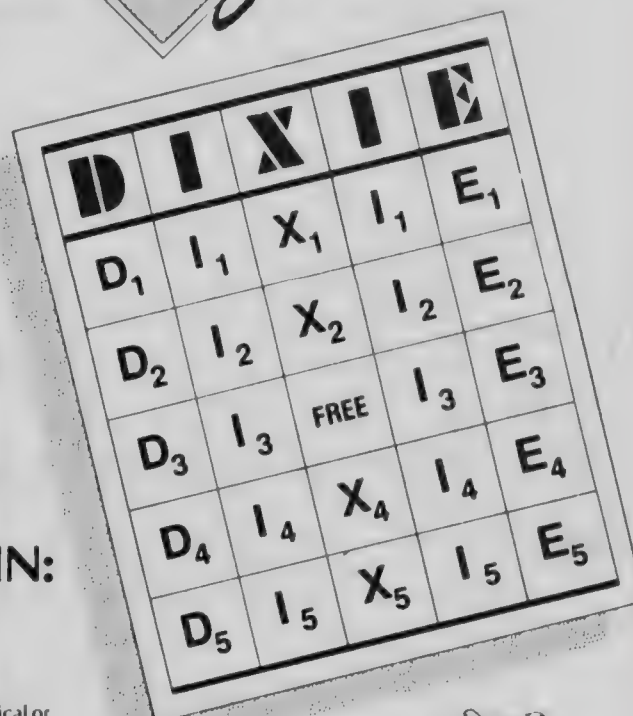

You could
even
win a
colour TV!

With each \$5.00 purchase, including tax, you receive a special Dixie Lee Bingo Sticker. Just peel it back and match it to the card. All matching cards, with the correctly answered skill testing question, will be eligible for a special Dixie Lee draw for a 26" Sanyo colour TV on April 15, 1987.

YOU CAN WIN:

- A 2 piece Chicken or Fish Dinner when you match 3 of 4 corners.
- A 6 piece Mini Box when you match 4 of 4 corners.
- A 9 piece Econo Box when you match a horizontal, vertical or diagonal line.
- A 15 piece Bucket when you match any combination of two horizontal, vertical or diagonal lines.

Pick up a game card at your local Dixie Lee.
Play as many times as you want.

Branch 129

by Gerald Irish

The fondest dream of any organizers of any event is to be able to say it was sold out. As of today it looks very much like a sell out for the Wintario show.

We have, however, tried to save a few tickets for sale at the door. This event, co-sponsored by two local service clubs (Legion and Rotary), only proves that by working together, much can be accomplished.

The talent show promises to be a great one. Marilyn Stouffer has the Guild Choir in top form. Joey Nicholson has tuned-up his guitar, warmed up his vocal chords and is ready to entertain you. John Miller and Nancy Robichaud, accompanied by Melissa Stephens, have a fantastic, fun-filled, musical programme to delight the audience.

After our final meeting with the representative from the Lotto Corporation, all is in readiness. Hope to see you there.

Lucky 50 50 draw winners at Branch 129, for the past two weeks, were Jack Bassett (again) and Randy Collier. Congratulations, fellows.

The Legion General Meeting on January 8 was a short but interesting one. Once Wintario is over, the various Branch committees can get working on Bluegrass '87, to be held on August 7, 8, 9, and the District Drumhead Service, held in September. Many other activities and events are planned throughout the year. Watch for announcements and ads about these.

How long has it been since

you have been on a horse-drawn sleigh ride or have you ever? Branch 129 has sleigh rides planned for Legion members and guests on Saturday evening, January 24. For only three dollars you can enjoy the ride and then go back to the Legion for Janet's famous chili and dinner rolls. It's a good deal and should be a lot of fun. Sign up for this, in the Club Room. Don't miss it.

*If your car's
out of shape
you get rid of it,
right? What if
your body's
out of shape?*

Stay active - stay healthy

by Donna Bailey,
Executive Director

This is an excerpt from the paper "A Report on Health Promotion" published March 1986 by the Ontario Advisory Council on Senior Citizens.

Health Promotion does not need to be expensive; it does need to be positive and imaginative. Prevention measures such as:

- regular check-ups with the doctor for persons of all ages.
- regular check-ups with the dentist, (particularly prior to retirement, when some people are insured in dental plans)
- discrimination and good sense in the use of prescribed or over-the-counter medications.
- physical activity appropriate to one's age and physical limitations.
- intellectual and volunteer activity to stimulate and

enhance one's life.

- good vision care with regular checks.
- creating a safe living environment to minimize falls and accidents.

These suggestions are within the scope of everyone. A healthy lifestyle is a happier lifestyle. Society as a whole must accept responsibility for making it desirable.

The complete report is available at our Home Support office. Other reports, including "Invest-

ing in Ontario's Future - Strategic Direction for the Ministry of Community and Social Services" June, 1986, and "The New Agenda - Health and Social Service Strategies for Ontario's Seniors" - Ministry for Senior Citizens' Affairs, June 1986, are also available.

For more information regarding these or our Home Support programs, please phone any week day between 9 a.m. and 4 p.m. 457-2941.

CORPORATION OF THE TOWNSHIPS OF ANSON, HINDON AND MINDEN

NOTICE (File No. 86-9)

IN THE MATTER OF the Municipal Act; and
IN THE MATTER OF a proposed By-law of
the Corporation of the Townships of Anson,
Hindon and Minden to stop up, close and
convey to the adjoining landowners portions
of the original allowance for road along the
shore of Mountain Lake lying in front of Lot 5,
Concession 8, in the Township of Minden.

NOTICE IS HEREBY GIVEN pursuant to
Section 301 (1) (a) of the Municipal Act,
R.S.O. 1980, as amended, that the Council of
the Corporation of the Townships of Anson,
Hindon and Minden proposes to consider and,
if deemed advisable, to pass at its regular
meeting to be held in the Municipal Council
Chambers on Milne Street, Minden, Ontario,
on February 12, 1987, at the hour of 10:00 a.m.,
a By-law to stop up, close and convey that
parcel of land more particularly described as
follows: -

Part of the original allowance for road along
the shore of Mountain Lake in front of Lot 5,
Concession 8, in the Township of Minden, in
the County of Haliburton, designated as part 1
on a Plan of Survey by Dearden, Stanton,
Stones and Strongman, Ontario Land Survey-
ors, dated November 4, 1986.

AND FURTHER TAKE NOTICE that before
passing the said By-law at the meeting to be
held at the time and place above-mentioned,
the Council shall then and there hear in person
or by his or her counsel, solicitor or agent, any
person who claims that his or her land will be
prejudicially affected by the said By-law and
who applies to be heard.

DATED at the Township of Minden this 29th
day of December, 1986.

CARD OF THANKS

To my friend Pat Lichty - thanks very much for a lovely trip to Nashville, Memphis, Chattanooga, and Virginia. I had a great time especially going through Graceland.

Elda

Thank you to everyone for making the Legion Branch 129 Poppy Campaign such a success. Over \$5100.00 was collected. These monies will be used to assist veterans and their families.

IN MEMORIAM

HEWITT: In loving memory of a dear son and brother, Sterling, taken from us January 19, 1974.

This month comes with sad regret
It brings back a day we'll never forget
He fell asleep without goodbye
But memories of him will never die
He left so suddenly his thoughts unknown
But he left us memories we're proud to own.
Never forgotten, Mom and family.

JOHNSTON: In loving memory of our two dear brothers, Alvin Carl who died January 16, 1964 and Myles Ellwood who died October 11, 1968.

They are gone but not forgotten
As dawns another year
In our lonely hours of thinking
Keep you ever near
Please Father in heaven
Hear our prayer
Guard our brothers with loving care
Be a good shepherd
Don't leave them alone
Love them as we did
When they were home.
Dearly loved and sadly missed by sisters and brothers.

- Commercial classifieds - \$5 minimum
- Commercial classified display - \$7.50

IN MEMORIAM

JOHNSTON: In loving memory of my two dear sons, Alvin Carl who died accidentally January 16, 1964 and Myles Ellwood who was killed October 11, 1968.

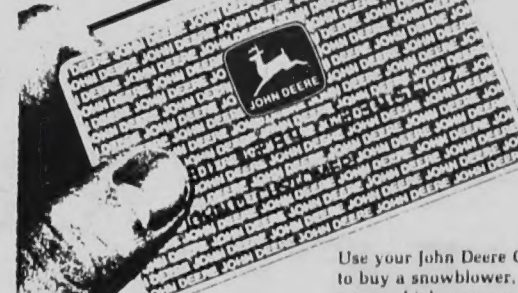

Beside your grave I often stand
With a heart both crushed and sore
Silent till the sweet words come

IN MEMORIAM

Not lost but gone before
The joys we shared together
Are the memories I hold dear
The love and happiness you gave me
Keep you always near
A never ending sorrow
An ever aching heart
The day I lost you both
My world just fell apart.

Lovingly remembered and sadly missed, Mom.

Introducing the John Deere Credit Card

Use it to buy
a new John Deere
snow blower, rider
or lawn tractor
...get 90 days
same as cash*

Use your John Deere Credit Card to buy a snowblower, rider, lawn tractor, high-pressure washer, chain saw, tiller, tools or hundreds of other John Deere consumer products, and there will be no monthly payment and no finance charges for 90 days. A 10 percent downpayment is required on purchases of \$1,000 or more; no downpayment on purchases less than \$1,000. A minimum initial purchase of \$350 is required, with no minimum on subsequent purchases. Maximum charge is \$6,000 per item purchased. So come in now and apply for your John Deere Credit Card.

Northshore Lawn & Garden
Hwy. 35 & South Water St., Minden
286-1944

*No minimum monthly payment, no finance charge during first 90 days. 25.8% APR. 50-cent minimum monthly finance charge after 90 days.
